MR. HENDRICKS KNEW IT ALL THE TIME. INMANAPOLIS, Ind., June 12.—11on. Thomas A. Hendricks, in an interview con-cerning Tilden's letter of declination, and

Intention to remain pertectly out of politics. On a succeeding visit in April last the same determination was expressed. Mr. Hendricks thought there was little doubt that the officted would have been unantmously nonnimized at Chicago, if it had not been for the declination. He said that the demand for it among the Democracy was almost universal, and greater than any movement of the kind he had ever seen in politice. Personally he felt no great disappointment; he did not want the office of Vice-President eight years ago, and did not want it now, but if the old tecket had remained in the field he should have considered his now, but if the old tesket had remained in the field he should have considered his election to that place a great honor conferred by the people as a robuke to what they considered a great wrong. It would have provented the senting of Hayes in 1870 from becoming a piecedent for future elections. Mr. Hendricks added that only as an expression of the indignation of the people would be have regarded an election to the Vice-Presidency as an honor to be THE NEWS AT THE CAPITAL.

Washington, June 12.—The sensation of the night was the announcement that a letter from Tilden would be published in letter from Tilden would be published in the norning announcing that he would not be a candidate before the Chicago Convention on account of his lil-health. The nows of Tilden's withdrawed spread rapidly after ten o'clock from hotel to hotel. All the Democratic Senators and Congressmen who had not retired at that hour heard it. They accepted it with one accord as bolog an aunouncement of Tilden's final determination. None of them thought it likely to be jerked back just before the Chicago Convention met. They all began to talk about the other men mentioned as candidates. Among the Senators, Bayard is unquestionably the other men mentioned as candidates. Among the Senators, Bayard is unquestionably the favorite. The Democrais of the Senate are proud of the man and his record, and would be only too glad to see him nominated. There are a few exceptions who would like to see a pro-incurred protectionist like Randall nominated, but the great majority believe that Bayard is the man for the hour. With his name they comic that of McDonald or inated, but the great majority believe that Bayard is the man for the hour. With his name they couple that of McDonald or Morrison. Two or three of them would be withing to have McDonald lead the ticket. The Bayard Senators point to Bayard's splendid record in Congress as his best argument. They believe he can carry Massachasetts, New York, Connecticat and Iodiana. They think his Dover speech would cut no figure in the campaign at all, and that his progress would be a series of successes. The McDonald is as much stronger than Bayard in the West as Bayard is stronger than McDonald in the East. The Kandall Senators base their arguments entirely on the necessity for a strong declaration in favor of protection. All the Bayard and McDonald Senators would be willing to support Cleveland now. Among the Democrats of the House Cleveland is undoubtedly the favorite. He would poll a large majority of the House Democrats. Next to Cleveland in the estimation of the House Democrats etands Bayard, next McDonald. Randall has the support of the Protectionist, and recards himself as in some same the fercil has the support of the Protectionists, and regards himself as in some sense the legal helr to Tilden. Behind these men are the booms for Slocum, Darsheimer, Flower and

Morrison.
The candidates most recently mentioned for the Vice-Presidential nomination are Rosecians, Vilas of Wisconsin, McCler-nand of Illinois and Patalet of Illinois, all of whom are counted on as good "soldier

THREE DEMOCRATIC STATE CONVENTIONS. STOCKTON, Cal. June 12.-The Demoeratic State Convention concluded yester-day. The remainder of the district deli-gates were closes. Congressing were re-nominated as follows: Past District, Bardistribution of the control of the c

extra session by Governor Stoneman; invokes Congressional legislation against the interferece of Federal Courts in State affairs; discountenances the present high tariff; opposes the holding of large tracts of land by non-re-sleut aliens; demands the forteiture of uncarned land-grants; opposes the present National bank system; declares Tilden and Hendricks the first choice of the California Democracy with Thuran account manifests. the first choice of the California Demo-cracy, with Thurman second; regulates the Presidential asperations of Stephen J. Fields, and pledges the delegates to the National Convention to vote against him. A delegate moved to Strike out the clause repudiating Field as a possible candictate for the nomination. The motion was lest by a vote of 19 to 450. The platform was then adopted. JACKSON, Mich., June 12.—The Demo-cratic State Committee + there yesterday.

JACKSON, Mach., John 12.—The Denocratic State Committee - it being vesterday, H. M. Street presiding - The delegates arrange to Chicago and C. E. Hooder, D. W. L. Kiernend, Colonel H. O. Reynolds. The resolutions adopted declared for Tilden and Hendricks, A resolution favoring tainf for revenue was lost. A hourned. Forr Wonth, Tex., June 11.— The Democratic State Convention met here yesterday, General Chabarne calling the convention to order. A resolution was adopted declaring for tariff retorm, and denoming tion denounced the Educational bill now lending in Congress as unconstitional,

the present revenue system as a scheme for the protection of monopolists and a masterpiece of ministics. The convena dangerous engroachment upon the rights of the States, and as another great step toward the centralization of power in the Federal Government and the destruction of the Republic. The nominating speeches for delegates at large were made, and Governor Richard Hubbard was chosen by acclauration. The district meetings continued late, many being apparently unable to agree upon their delegates.

THE COMING CONVENTION. Curcago. June 12 - In some respects the Donocratic National Convention, which meets in Chicago July 8, will be a more notable gathering than the one which placed notable gathering than the one which placed Blaine and Logan in nomination. A much larger number of leaders having National reputations will be present. From the South, instead of Brace, Lynch, Clayton, and Flanagan, Randolph Tucker, General Wade Hampton. Speaker Carliste, and Governor Nichols will come, and a whole generation of F. F. V.'s will take the place of Riddleberger and Mahone.

Another marked difference in the two gatherings will be the location of the real struggle for the nomination, if Tilden gets out of the way in time to allow any sort of out of the way in time to allow any sort of scheming among those who aspire to wear his mantle. During the Republican convention the political storm-center was located at the Grand Pacific Hotel, but in July it will year around to the Painer House. The Arthur headquarters in pariors W and X at the Painer will become the receptionmon of the New York County Democracy. Parior O, so lately occupied by Mahone and his Virginia delegation, will be transformed into the recention-room of the New York into the reception room of the New York State delegation, which will use the main parter for its general headquarters. Parlor K, where the National Republican sub-Com-mittee arranged the tickets for distribution, will be occupied by General B. F. Butler as his private apartment during the coming convention. Since the general's nomination by the greenback and anti-monopolist conventions there has been considerable inquire as to his intentions regarding the July meet-

McCoy's new hotel. Besides the receptionroom and general headquarters, the New
York State delegation will have nineteen
parlors and 100 rooms at the Palmer
House, fifty rooms at the Grand Pacific Hotel, and a like number at the Leland. II.
O. Thompson, heading the New York
County Democracy, has engaged seventythree rooms at the Palmer House, and Sherif Davidson will take a large number with
him to the Leland to watch the movements
of the Frying Hall Democrats, who proposes

him to the Leland to watch the movements of the Irving Hall Democrats, who propose to make that hotel their leading headquarters, although they will attempt to secure a parlor or so at the Palmer House.

Hen. R. P. Flower, who is in some quarters believed to be the legatee of Tilden's claim on the party, will out-do both the Blaine and Arthur leaders at the Grand Pacific Hotel. He has engaged ten parlors and rooms for one-half of the New York State delegation, and is not not unlikely to take up the ladies' ordinary before he has been here a day. Whether he works for Tilden, as he has unnounced he will do, or not, it is his evident intention to capture the orowed by an unequaled show of hospit. growd by an unequaled show of hospit ally Next to New York, the Pennsylvania Democrats propose to make the birgest show. One-half the delegation will go to the Painer House, and the other to the Grand Pacific Hotel. It is not yet certain Grand Pacific Hotel. It is not yet certain that ex-Speaker Randall will attend, but if he does, he will have rooms at the Grand Pacine flotel, where the general headquarters of the delegation will be in the Appellate court room. From Philadelphia will come the Americus Club, which will be quartered at the Clifton House, and the Randall Club, which will go to the Commercial flouse. Massachusetts is likewise bent upon producing a sensation should Buller take it into his head to stand for the nomination. The delegation will have rooms at the Palmer House, the large club-room having been engaged as the home for the Butler boom. Besties the organizations already mentioned the following for the Batter boom. Besides the organiza-tions alteady mentioned the following States will be quartered at the Palmer House: Kansas, South Carolina, Colo-rado, Nebraska, Vinghila, North Caro-lina, Maine, New Hampshire, Tennessee, Michigan, Vermont, Illinois, Connecticut, Delaware, New Jersey, West Virginia, Arkansas, Alabama, Indiana, Ohio, and probably Kentucky. The National Com-mittee will also be at the Palmer House, where the Chairman, W. H. Barnum, has engaged parfers D and E as his personal engaged parters D and E as his personal apartmenta. The Himols State Committee will also be there. Parlor M, in which Dezendorff and his straightout delegation made their unsuccessful light for admis-sion to the National Republican Convention, will be used as the headquarters of the In-diana delegation and the fountain-head of the canvass for ex-Senator McDonald, who will be a candidate if the old ticket gets out

one-half of the New York and Pennsylva-nia and the Missouri and Georgia delega-tions. The Wisconsin and Kings county delegations go to the Leland hotel.

The Committee on Building has decided to widen the half in the Exposition Build-

ing by setting back the side partitions. This will give space for several more rows of seats in the galleries and under them. The aisles also are to be made narrower, and the private boxes will be replaced with seats. It is calculated that these alterations will give room for 1,500 and perhaps 2,000 more people. The platform will remain at the north end of the half, and the acoustics will be improved as much as possible. The sub-scriptions to the fund of \$25,000 now amount

A Fearful Storm in the Cumberland Valley. HARRISDURO, June 12.- A storm, accompanied by a water-spont, visited the Cumberland Valley Tuesday night. Passerger trains narrowly escaped wrecking. Just east of the town of Newville, the Valley east of the town of Newvine, the Valley Railroad runs on a high embankment of made ground. Directly after the train passed over this portion of the road, tho storm burst, and, in the presence of President Kennely and other passengers who were in the rear car, the embankment was carried away. The telegraph todes were prograted and comtelegraph poles were prostrated and com-munication was cut off. To avoid calamities, fires were built at each end of the washout. The waterspout was about half a mile wide and very destructive to grain, builting and for buildings and fences.
